

## College of Management's Vision & Mission

	University Level	CM Level
<b>Core Values</b>	<b>Honesty / Simplicity / Excellence / Diligence</b>	
<b>Vision</b>	Become a world top practice oriented technology university	Become East Asia's renowned practice and technology oriented CM
<b>Mission</b>	Cultivate high-caliber interdisciplinary professionals with exceptional knowledge and accomplishments. They are thinkers and doers who will become responsible future leaders, and will make contribution to the betterment of our society and the world.	Cultivate innovative management personnel who possess literacy in both technology and the humanities through academic research, industry-academia interaction, and practical curricula.
<b>Impact and Engagement: 2018 Taiwan Graduate Employability Rankings</b>		
<p>Taipei Tech is number 2 in category technology universities, and 6 among 171 Taiwanese universities, rankings done by Cheers Monthly Magazine.</p> <p>CM is ranked number 3 in category financial management and number 4 in category business management among all technology universities, rankings done by 1111 Online Job Bank.</p>		

The suitability of the mission, as well as of the vision, is justified based on the long history of Taipei Tech. Taipei Tech is ranked number 1 in the “Teaching and Learning Excellence Project Fund for Technology Universities” from 2013 to 2016. In addition, Taipei Tech has a very strong, supportive and influential alumni network worldwide, and our graduates are rated one of the most employable by the top 2000 Taiwanese companies. Taipei Tech has constantly supplied Taiwan with top quality professionals, and aims to be recognized not just locally, but also globally. Although CM is relatively young, it plays a crucial role in connecting the technology with important management skills, to better equip our graduates for future innovations and to make global impacts.
